## SPEAKERS

**Saul A. Nuccitelli, PE, CFM**  
**Director, Flood Science & Community Assistance**  
**Texas Water Development Board**

Saul serves the TWDB as the Director of the Flood Science & Community Assistance Division. He has 27 years of experience in the water resources field in both the public and private sectors. Prior to the TWDB, Saul served as TXDOT's Chief Hydraulics Engineer and with City of Austin's Watershed Protection Department.

**Reem Zoun, PE, CFM**  
**Director, Flood Planning Division**  
**Texas Water Development Board**

Reem serves the TWDB as the Director of the recently created Flood Planning Division. She has 18 years of water resources and civil engineering, leadership, planning, and management experience in the public and private sectors. Prior to the TWDB, Reem served as the Supervising Engineer for the Local Flood Risk Reduction Section at the City of Austin's Watershed Protection Department.

## MEETING SPONSOR

Founded in 1935, Lockwood, Andrews & Newnam, Inc. (LAN) is a Texas-based full-service civil engineering firm. With more than 350 technical, professional, and support personnel throughout 20 offices in the US, LAN provides complete planning, engineering, and program management services.

Service areas of expertise include water, wastewater, transportation, stormwater management, transit, facilities, education, ports and marine, mechanical, electrical, plumbing, and structural engineering.
